

**Monroe County Community Service**  
**Work (CSW) Program-Authorized Outside**  
**Host Sites**

\*Any work you perform at any of these sites must be unpaid and credited strictly for your CSW. In order to receive credit for any of the work you do, you are responsible for making sure verification is sent in to us on time from the host site supervisor. This list represents places you may go to do your CSW. Just because a place is listed, however, does not guarantee they will have any or enough work for you at the time you contact them, so you may need to contact one or more places to get all your hours completed. If you find work to do that is at a location not on the list, contact us before starting any work to be sure it is a location we can accept. If you do work prior to contacting us you may not get credit for it. You will only get one chance to work your hours off outside of the crew per offense. If you are fired for poor attendance or behavior you will either be terminated from the program or required to finish your hours with the Monroe County CSW Crew.

<b>SITE</b>	<b>CONTACT PERSON</b>	<b>CONTACT NUMBER</b>
